I. POLICY

Title IX of the Education Amendments of 1972, 20 U.S.C. §1681 et seq. provides, in part, that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

Title IX and other laws prohibit discrimination on the basis of sex in any phase of a university’s educational or employment programs. Academic and employment decisions based upon sex and sex-based misconduct are forms of illegal discrimination prohibited under Title IX, as well as other state and federal laws.

Wayne State University (WSU) does not discriminate on the basis of sex in any phase of its educational or employment programs, and does not tolerate sex-based misconduct. This policy applies to all conduct in any academic, educational, extra-curricular, athletic, or other University program and activity regardless of whether those programs and activities occur in WSU facilities, on or off campus.

If the University knows or reasonably should know of possible sex-based discrimination or sex-based misconduct, a thorough, impartial and confidential investigation will promptly be conducted to determine if there has been a violation of University policy. WSU will investigate all complaints alleging violation of University policy regardless of where the alleged conduct occurs. If it is determined that sex-based discrimination or misconduct has occurred, appropriate discipline will be imposed and the University will take steps to address and stop the misconduct, as well as remedy its effects. Accordingly, WSU will take appropriate action should the University become aware that any contractor, vendor, partner, or other affiliate engages in sex-based misconduct, up to and including termination of the business relationship or partnership.
